

VIOLENCE
AGAINST
WOMEN

THE SILENT EPIDEMIC

IS YOUR VOICE BEING HEARD?

1

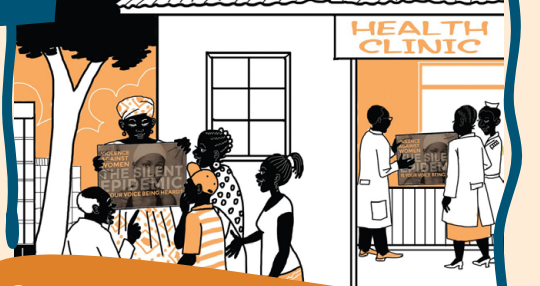

Call on policy makers and local leaders to take action against violence against women

2

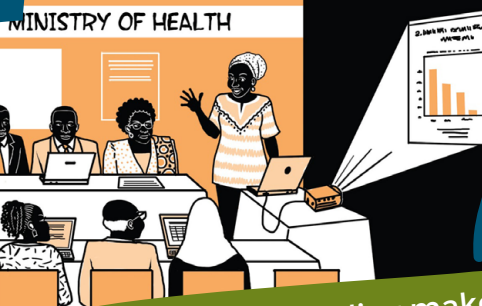

Help practitioners and activists to rejuvenate themselves with the **self-care guides**

3

Capture attention by hanging **posters** in clinics, offices, houses of worship, etc and using them in marches, public events, and informal group discussions

4

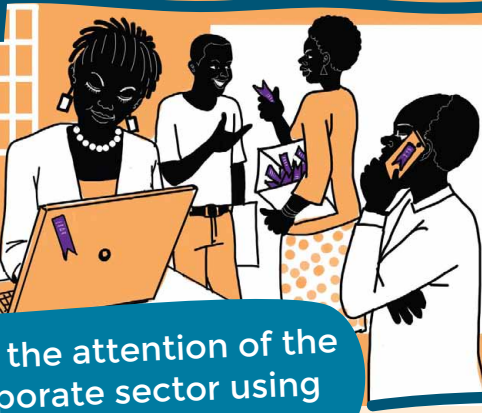

Advocate with policy makers with the **power point**

5

Inspire the public through **media talking points**

6

Get the attention of the corporate sector using **stickers**

7

Engage communities with **purple ribbons**

8

Excite social justice activists and health workers using **wristbands**

9

Spark discussion using **social media**

10

Create awareness among health care providers about violence against women and health through **training modules**

THE ACTION
AND
ADVOCACY
KIT CAN BE
USED TO
